

BUSINESSOBJECTS ENTERPRISE XI 3.0: WHAT'S NEW - MIGRATING REPORTS AND BCA PUBLICATIONS

SA106EV3.0

Course Description

This 3-hour eLearning course is designed to provide learners with an overview of the new features available for migrating from BusinessObjects 5.x/6.x to BusinessObjects XI 3.0. Learners should take this course to learn how to use the XI 3.0 Import Wizard, and how to migrate BCA Publications and related objects such as profiles and BCAP external users. Learners will also learn about converting Desktop Intelligence reports to Web Intelligence using the Report Conversion Tool, and will learn how to compare Desktop Intelligence and Full Client reports using the Report Comparison Tool and Delta Viewer.

The business benefit of this course is that users will be able to support customers migrating their environment to XI 3.0.

Course Audience

The target audience for this course is BusinessObjects Enterprise System Administrators.

Prerequisite Education
